Anchorage - Whittier [-/-/D]

Morning, at a scheduled time you will be transferred to Whittier Cruise terminal to board your 7 Day Hubbaar Glacier and Skagway Cruise.

Although situated only approximately 60 miles from Anchorage, Whittier feels a world away. This small, secluded town - only accessible by land via the two-mile long Anton Anderson Memorial Tunnel - is nestled between soaring mountain peaks and the Passage Canal. Having been originally founded as a military facility during World War II, today, Whittier is your gateway to the famous Prince William Sound. The spectacular rugged coastlines and waterways are home to abundant wildlife, including bears, mountain goats, Dall sheep, whales, sea lions, otters and much more. Unleash your inner explorer on one of the many outdoor activities or enjoy a scenic boat tour along a portion of the sound.

Settle into your cabin and start exploring the ship's amenities.

The Hubbard Glacier is the largest tidewater glacier in North America. Its awe-inspiring, turquoise-coloured face towers nearly 400 feet tall - 250 feet of which are underwater - while its icebergs are often three or four stories high. At nearly six miles wide where the ice meets the ocean and 76 miles long, viewing this massive glacial mass is an experience not soon

forgotten. As you cruise near the glacier, keep an eye out for the region's rich variety of wildlife, from bald eagles to harbour seals, orcas and humpback whales.

Breathtaking and exciting, Icy Strait Point truly takes you where the wild things are. It's one of the few places in the world where wildlife outnumbers the human population. A trip here certainly satisfies your taste for adventure. Kayak up one of the area's many protected waterways, go flightseeing, tour historic downtown or try your hand at panning for gold. The majestic Mendenhall Glacier lies nearly 12 miles outside Juneau, a trek worthwhile.
